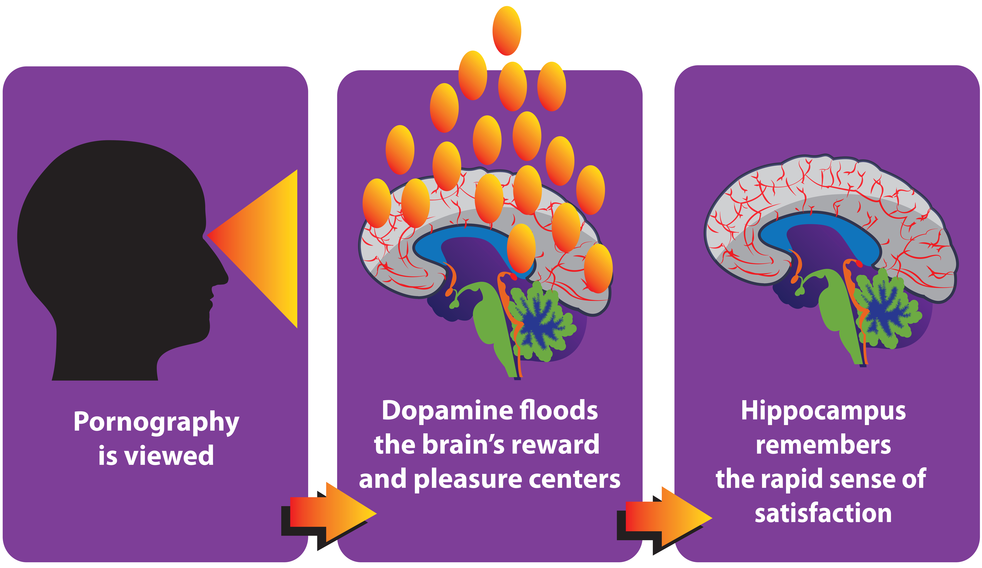
Did You Know?

PORNOGRAPHY fuels:

- Addiction
- Rape
- Infidelity
- Depression
- Divorce
- Erectile Dysfunction
- Abuse
- Human Trafficking

How Does Addiction Occur?

Hijacking the Brain



Prefrontal Cortex
Drives the user to seek out and watch pornography

Nucleus Accumbens
Dopamine is released

Hippocampus
Remembers the rapid sense of satisfaction

Amygdala
Remembers environmental cues *(people, places, sights, & sounds)*
Environmental cues create intense cravings

Maryland Coalition Against Pornography
